PROFESSIONAL SUMMARY

Motivated Computer Science Engineering student with strong foundations in Python, Java, SQL, and Front-End Web Development. Experienced in building responsive web applications and software projects. Passionate about problem-solving, learning new technologies, and contributing to real-world development teams through internship opportunities.

EDUCATION

G.H. Rasoni College of Engineering, Nagpur

Bachelor of Engineering (Computer Science Engineering)

2024 – 2027 | CGPA: 8.0

TECHNICAL SKILLS

Languages: Java, Python

Web Technologies: HTML5, CSS3, JavaScript, Responsive Web Design

Database: MySQL, SQL

Core Concepts: OOP, Data Structures, Problem Solving, Software Development

PROJECTS

Student Management System | Python

Developed a student record management application with CRUD operations and search functionality, improving data organization and accessibility.

Airbnb Website Clone | HTML, CSS, JavaScript

Built a responsive Airbnb-inspired website featuring structured layouts, navigation components, and modern UI design.

Spotify Web Player Clone | HTML, CSS, JavaScript

Designed a responsive music-player interface and implemented interactive front-end components.

JavaScript Mini Games

Created browser-based interactive games using DOM manipulation and event handling to strengthen JavaScript fundamentals.

CERTIFICATIONS

- Web Development Certification
- Python Programming Certification
- Java Programming Certification
- Data Science Certification

SOFT SKILLS

Communication • Teamwork • Problem Solving • Adaptability • Time Management
